Dear Stephanie and Denise:

Congratulations on the publication of your new book, *Arizona State University*. This is outstanding news and I appreciate your efforts in putting together this historical collection of our great university. It will be a treasured piece for many as it revives old memories for our alums and inspires the young through the stories of those who dedicated their lives to advancing higher education in Arizona and who contributed so much to ASU's success. It is truly amazing to see how far we have come since those humble beginnings only now to be recognized as the largest university in the nation.

Thank you for your hard work and dedication to preserve and share the history of our university through this fantastic collection and, again, congratulations. Keep up the good work.

Sincerely,
